## AND NOW A FEW WORDS FROM US...

My name is Chai and I'm a shy but a friendly girl once I get to know you. I like to play and cuddle with my sister but prefer cuddling with my human. I love my toys and will destroy any squeaker in them. When done I will share. I whine when my sister is gone without me but am so delighted when she returns. I like the idea of a walk but when I get out there, I can be lazy and need a bit of coaxing. I prefer shorter walks as I get tired. I get along great with my foster brother who is also a brown and tan Dachshund, just like me! Now a word from my sister Chutney!

My name is Chutney and I'm sweet once you get to know me. I love to cuddle with my sister and human. I don't like strangers at first and will bark at them until I'm more comfortable with them. My foster family is helping with this. I don't like to be left alone and feel anxious, but if my sister is there I'm better and will settle after a little while. I love my walks but pull a little because I just want to get going. Foster Mom takes me out on my own for one of my walks because my sister is slower. I get along with my foster brother but did need a slow introduction at first. I'm not too fond of big dogs but perhaps with a slower introduction I might be fine.

## AND NOW A FEW WORDS FROM OUR FOSTER FAMILY...

These girls are so sweet and cuddly. They love to play and cuddle with each other and like to shower their foster brother with kisses. They like to play and run around in the yard chasing birds and squirrels at the bird feeders and sniffing out little critters that may be burrowing. They also like to bark at them through the window. They are on an outside schedule so they can learn to pee there, but it is cold for them, so it is a work in progress. No apartments for these girls they are sometimes vocal. Chai is a laid-back girl and can be stubborn when learning new commands. She will usually follow her sister's lead. On the other hand, Chutney is a quick learner and enjoys getting her treats for a job well done.
