Housetraining:	Yes		
Crate Trained:	Yes		
Suitable for an Apartment:	No; barks very loudly, especially when left alone		
Origin:	Owner surrender	Adoption Fee:	\$350

And now a few words from me:

Hi! I'm Chloe and as you can see, I'm a very beautiful girl! I love to go for walks, spend time outside, and cuddle! I also like car rides and being groomed. Mostly, I like to hang with my humans. On Christmas Day, 2023, I had a an IVDD episode while in foster care. It's been managed with medication and crate rest and now I'm walking again! I'm still a little wobbly, so my walks must be shorter, but don't let that fool you, I've still got the energy of a younger dog! I don't really like other dogs very much, so I'm looking for a home where I can be your main girl! Despite being in my senior years, I still have so much love to give. Would you like to meet?

And now a few words from my foster family:

Chloe is a sweet dog, who makes friends almost everywhere she goes. She has recovered very well from her recent bout of IVDD and aside from a small wobble in her step, has rebounded almost seamlessly. She uses ramps well and is happy to be carried up and down stairs. She will try to do stairs herself, so she needs to be supervised. She does not like to be left alone and is on medication for separation anxiety. Even with the medication she barks frequently when her people are gone. She sleeps well in her crate overnight. She has been aggressive with other dogs, so would be best as an 'only dog'. She goes to the door when she needs to go out. She has cataracts and requires good lighting to see, and her hearing may not be what it once was. She's a quirky girl, but she will make a lovely companion.
