And now a few words from me:

Hi there! I'm Polly, and this is my brother Petey, and we are happy siblings who have spent our entire lives together. We just adore one another. I'm a sweet girl, but a bit on the shy side. I like to go for walks with my brother Petey and spend time exploring in the backyard with him. We are always together, even on our foster mom's lap! As for Petey, he's a really sweet guy, but a bit more nervous than me. When he gets scared he comes to me or our foster mom for support. In fact he sticks pretty close to me and our foster mom, so if you're home most of the time and can offer us a calm environment, we are the perfect pair for you! Oh, and we like people, even greeting them with kisses! We can't wait to find our furever family.

And now a few words from my foster family:

Petey and Polly are sweet souls and great siblings. Polly is more confident than Petey, and they are always together. Polly really enjoys going for walks; she barks to show her joy and walks quickly. This should be encouraged as she has a bit of weight to lose. She has great recall; when she is in the backyard and I call her she comes running towards me. Petey is more insecure, and afraid of almost everything. But he loves people and happily greets them with kisses. He spends his time with Polly and never leaves my side. They eat and sleep together. They are happy dogs that just like to be with their human. They need a calm environment with an owner who is home most of the time.

Medical Note : Petey is scheduled for a dental on February 11, 2026.
